

Quick Guide

WebSquare 5

GridView

readCSV()
options.wframe

Goal / 목표

Create the CSV upload window
with WFrame and

set the window properties.

/ 업로드 창을 WFrame으로
생성하고 업로드 창의 속성을 지정.

Example / 사용 예

```
var options = {  
  wframe: true,  
  name: "Upload CSV",  
  features: "top=50,left=300,width=500,height=200",  
  className: "border",  
  resizable: true,  
  windowDragMove: false  
};  
gridView1.readCSV(options);
```
